The 2024 Lethbridge Brighter Together Survey

The sixth annual Lethbridge Brighter Together Survey is now open! We are asking Lethbridge and area businesses if they could take 10 minutes to complete the survey and help us out. Organizations like ours and our partners, Lethbridge Chamber of Commerce and Downtown Lethbridge BRZ, use the results to help the Lethbridge business community.

This is Lethbridge

Lethbridge's increasingly diversified economic base benefits from the healthy mix of businesses that are anchored to our community. With no business, payroll or machinery tax, available serviced industrial land ready for construction and office space at less than \$16 per square foot, Lethbridge offers a low-cost operating environment with demonstrated savings in areas such as taxation, land, construction and transportation.

A recent report from the Council of Canada Mid-Sized Cities report noted the healthy growth among manufacturing industries in our city, which can be linked to the strong presence of two post-secondary institutions as well as the emergence of Lethbridge as a significant high-tech presence in Alberta.

A mid-sized city of over 100,000 people, Lethbridge is located in the southern part of Alberta, Canada. With an average of 320 days of sunshine each year and one of the warmest winters in the western provinces, there is plenty of opportunity to enjoy all that this city and region has to offer. The geographic location also ensures close proximity to world class ski resorts in the Canadian Rockies, majestic national parks, the vibrant city of Calgary and the U.S. border.
