ECONOMIC RECOVERY TASK FORCE

In light of the impact of the COVID-19 global pandemic, EDL along with community partners has developed this page as a retainer for information and resources during a time of uncertainty within the local and regional business community.

Through partnership we will offer the most up to date information so you can stay informed on local, provincial and national government decisions and other key information that will help you mitigate world circumstances in an attempt to help you make decisions regarding

your business.

We will publish Economic Recovery Tools and systems from organizations within the community to help you navigate delicate situations with employees, vendors, partners and investors to keep them informed of the best decisions for themselves, their families and their own business health.

This pandemic will pass, and this resource will help provide you information and tools for when that day comes. As an organization and with our partners we are here to help you through these uncertain times. Today, and for the foreseeable future we'll get past this Brighter Together.

Economic Developers Alberta has put together this short survey to help assess your needs that we can relay to government as they craft support programs in the wake of the COVID-19 crisis. This will also allow us to look at provincial and regional trends. The recovery will take some time but you are not in this alone.

Links/Organizations

Here you will find links to information that will help you make decisions regarding the well being of your business and staff. Also included here will be a list of local, provincial and national organizations that will be providing resources and information during the COVID-19 global pandemic.

Downloadable Templates

Here you can search for forms and templates needed for anything from Business Continuity Plans to forms needed to apply for resources.

Discussion Forum

Here you can find links to our social media channels and converse with others in the community. During this time we have created Economic Recovery Lethbridge accounts on Facebook, Twitter, Instagram and LinkedIn. Please click on the link below to join the conversation.

Success Stories/Best Practices

In challenging times, finding the bright spots and success stories offer our business community an opportunity to come together and learn from one another. We'll post positive messaging here and offer solutions from others in similar circumstances.

Webinars and Self Directed Entrepreneur Training

This is the place to get information and registration links for on-line materials to help your business through the uncertainty of today and into the future.
