

Doctor Recruitment

Doctor Recruitment - Contact Us  or type unknown

If you're a medical professional looking for information about practicing in Lethbridge please contact:

Dr. Susan Byers ND CCFP
Medical Director
Chinook Primary Care Network
Susan.Byers2@albertahealthservices.ca

If you're a medical professional looking to open a clinic in Southern Alberta and have questions, please contact:

Ben Young
Director, Investment Attraction
Economic Development Lethbridge
ben@chooselethbridge.ca

Economic Development Lethbridge understands the importance of quality health care and services for residents of Lethbridge and Southern Alberta. We are working with partners including Alberta Health Services, Chinook Primary Care Network, City of Lethbridge and others to help recruit and retain doctors, physicians and medical professionals to our region.

Current data indicates that a large segment of Southern Alberta residents do not have a family doctor.

We've built assets to help showcase the benefits of our region to those in the medical community, in an attempt to recruit them to Southern Alberta. New graduates from medical school, physicians looking to start their own clinic and medical professionals from other countries can all find something for them by locating, or relocating to Lethbridge and area.

Did you know:

- Southern Alberta is one of the sunniest regions in the country with over 300 days of sunshine each year.
- Lethbridge offers an excellent opportunity for home ownership. The average resale price for a home in Lethbridge in 2021 was \$320,991. (compared to \$492,684 in Calgary)

Economic Development Lethbridge are one of the many advocates for our community brand Lethbridge: Brighter Together. Our mission is to strengthen and diversify the Lethbridge economy by initiating and facilitating proactive economic development strategies and promoting Lethbridge as an excellent place to live, learn, invest, visit and do business. We need a healthy, active community to help with growth and long-term stability. Part of this work is recruiting and retaining students to help build our community. In the summer of 2021 we created our Brighter Together workforce series, below you can view stories from our region about some of the benefits and strategies to calling Lethbridge and area home...

WeCAST

WeCAST is a podcast series hosted by the [WESTEM](#) (Women Entrepreneurs in Science, Technology, Engineering and Math). Episode 7, recorded in November of 2021 features Dr. Mishka Singh. Dr. Singh is a South African born family physician who enjoys working with a diverse range of patients within the population she serves. She graduated in 2010 from the University of KwaZulu Natal, Nelson Mandela School of Medicine in South Africa. Whilst working in South Africa she worked in trauma, emergency medicine and obstetrics. She moved to Canada in 2015 and has since completed all of her Canadian licencing exams as well as the exams of the College of Family Physicians Canada. She currently serves a full panel of patients within the Lethbridge community. She enjoys community service and just recently returned from a trip abroad volunteering with Kitrinos Healthcare at a refugee camp in Lesbos, Greece. Dr. Singh realises that technology is the way of the future which motivated her to complete a few short courses on Artificial Intelligence in Health Care through MIT and Harvard. She endeavours to continue to improve her skills in her field to continue to help the community she serves.
